- in placement > 30 days

and due to be released to the community within the next 30 days

JPD Staff screen the youth that meet this criteria then

- create
- complete
- submit

a referral to HHSC for each eligible youth

HHSC will notify you of final action taken on youth's referral

(ex. youth added to an existing case, youth certified with a new case, etc.)

On day youth is released, open the referral and update actual release date

(this information will be forwarded to HHSC)

HHSC staff will check their database for a possible Medicaid case the youth can be added to upon return to the community

(HHSC will notify you of the result of their inquiry - ex. no case found, application mailed to family, etc.)
